Will Collect 1919 Educational Tax

A meeting of the local school board was held on Friday night last, present Chairman Hamilton, members Chappell, McPhail and Bartlett, and Secretary Wright.

The minutes of previous regular and special meetings were on motion approved and the following accounts were passed for payment: F. M. Thompson Co. \$2.05, Blairmore Enterprise \$5.50, F. E. Osborne \$3.28, Western Municipal News \$30.50, S. Trono \$32.95, Blairmore Pharmacy \$10.00.

Permission was granted by the department to impose the \$4.00 educational tax in 1919.

Messrs. Patterson & Howe were the successful tenderers for the contract to erect a fire escape staircase at the rear of the school building. The contract was ordered to be let to Messrs. Patterson & Howe for \$285.00.

The chairman reported having attended, with Messrs. Bartlett, Chappell and McPhail, a joint meeting of district boards at Coleman on Wednesday of last week, when the matter of consolidation of high school work for this district was considered.

The Pass Four-teen Years Ago

(From The Frank Paper 1905)

June 1st—Lex Clark, the colored porter of the Coleman hotel, who lit the fire of W. H. Steele, former manager of that hotel, resulting in Steele's death, from blood poisoning, was sent down to Macleod to be held pending the decision of the crown prosecutor as to what action should be taken in the case. The verdict of the coroner's jury was "homicide in self defence," and the impression is that Clark will be discharged. The body of Steele was shipped to Grand Forks, Quebec, and was accompanied by Mrs. Steele.

Wholesale liquor licenses were refused Blairmore and Coleman applicants, also hotel license refused a Coleman hotel, by Commissioner T. Lebel, D. Grier and W. Oliver.

The Frank and Coleman football teams met on the Frank grounds last Saturday in the hottest and most closely contested game of the season. Frank was victorious by a score of 1-0. Jim Turnbull played left wing for Frank.

Walter Gardner came in from the North Fork to report that his cabin had been broken into and that his provisions and prospecting outfit had been stolen.

Jean Fourneau, of Switzerland, is construction engineer on the new smelter buildings at Frank, and has the office building and manager's residence ready for occupation.

Victor Boisvert, the fourteen-year-old son of Louis Boisvert, conductor on the Frank-Grassy Mountain railroad, has Old Nimrod beat a mile in the slaying of wild beasts. Victor killed three bears and fatally wounded the fourth.

This week Number 1 of Volume 1 of the Frank Paper is published. It is just a newspaper, having no politics, but intended simply to advocate those issues which embody merit that is vital to the interests of Frank and the surrounding district in particular, and southwest Alberta in general.

A. V. Lang has found his business at Bellevue growing to such proportions as to render the handling of it from Frank quite difficult, and has accordingly decided to establish a store there and has as-

sociated himself with T. M. Burnett, of Lettbridge. The firm will occupy the Padon building.

A fatal accident occurred at the mine of the International Coal & Coke Co. at Coleman on Saturday, when John Supt. lost his life through suffocation.

Miss Kate Watson, of Park Hill, Ontario, is visiting relatives here.

It is reported that the C.P.R. plan to establish a station at Landbreck.

Jim Wood and J. Anderson passed through Frank last week with a bunch of horses enroute to Leavins on the C. & E. line, where they have purchased a ranch.

R. Lynde-Stanton, of Stanton Bros. heads the subscription list of the Frank Paper, being the first subscription paid in.

J. N. Carter, of the Frank dairy, is moving his cows and milk, down today to his summer camp at Bellevue.

Rev. T. M. Murray went to Beaver Dam on Monday to conduct the funeral of the baby of Mr. and Mrs. Bradshaw at that place.

Frank Ciccarelli, contractor, returned the early part of the week from a six months' trip to Italy, during which he took into himself a bride.

The Licensed Victuallers' Association held a meeting at the Frank hotel yesterday. Lloyd A. Manly, of the Grand Union hotel, Coleman, was elected president, and R. Steeves, of the Imperial hotel, Frank, was chosen as secretary-treasurer.

News was received from Michel last evening of the drowning of Miss Beatrix Verdie, who fell into the river while crossing a footbridge.

A special meeting of the Miners' Union will be held this evening, which the business men are invited to attend. It is understood that the purpose of the meeting is to urge the taking of some steps calculated to result eventually in the extinction of all Chinese from the district.

Corp. George Baker was up from Cowley this week to visit some of his old friends.

If After Eating You Have Pain, Stomach Needs Aid

Specialists who have devoted their lives to the treatment of stomach ailments now tell us that many people who complain about their stomachs have no stomach ailment at all.

You may suffer from bloating gas, sourness and other unpleasant symptoms. It is your best course is to tone up the bowels with a reliable vegetable remedy like Dr. Hamilton's Pills. This one-time family medicine is a wonderful corrective of all digestive and stomach disorders.

There is no mystery about the quick effect you get from Dr. Hamilton's Pills. They simply supply the additional aid required by the system to enable it to do its work correctly.

You'll enjoy your meals, digest everything you eat, look better, feel better, be free from headaches, constipation and indigestion, all these benefits come from Dr. Hamilton's Pills. Every man or woman with a stomach ills is advised to spend 25c on a box of this wonderful vegetable remedy.

Malay Yields Many Commodities

Producing Practically the World's Supply of Tin and Rubber.

Rubber, tin, camphor, topioca, oleo-margarine and khalai dye, and the good old farmyard rooster. How many people stop to think where these everyday things come from originally? Mice and elephants, storkbills and crocodiles, peacocks and parrots, tigers and tarantulas, magnificent butterflies, scorpions, centipedes, innumerable monkeys and apes—these only comprise an insignificant part of the endless variety of living things in the far off jungle of the Malay Peninsula.

Away in the Chinese sea, the most southern part of Asia, a few days sailing from the Philippines, is situated this small country, producing practically the world's supply of tin and plantation rubber. The Malay Peninsula is probably better known by its two large exports, Singapore and Penang, both of these being situated on small islands belonging to Great Britain, quite close in to the mainland, with which communication is kept by ferry boats.

The peninsula may best be described as one vast forest or jungle, covering a tumbled mass of mountains, while the whole country is intersected in every direction by rivers and streams.

Only an insignificant part of the country has been visited by human beings, except perhaps by the "jungle men." The Malays themselves live along the coasts and the banks of the rivers, rarely, if ever, penetrating the interior.

For the last six years the writer has been living in the jungle with a party of Malays, surveying railways and roads across the peninsula and into Siam, for the British government. Sometimes for as long as a year to other white men was seen. The first part of the journey was made by train, in two days the end of the steel was reached and it became necessary to hire boats and coolies. Passing up the river, every now and then would be seen trees full of monkeys feasting on wild fruit. Directly the boat approached them they would spring from branch to branch, crashing through the leaves, taking tremendous leaps, mother monkeys holding little monkeys in their arms, others with older children monkeys on their backs.

Often beneath these "monkey colonies" could be seen the gray-green form of a crocodile, patiently waiting for one to drop into the river. Crocodiles are very common, and frequently catch the natives when bathing or fishing, coming alongside a boat and knocking the occupants out by a swish of the tail. They then drag their victim under water, drown him and bury him in the mud.

Every few miles along the river banks we passed Malay villages, with their houses built about four feet above the ground on poles. The underneath part of the house forms a convenient place for garbage, as the floors in Malay have plenty of large cracks, through which rubbish can conveniently be dropped.

Malays live in their houses until they collapse from old age, and then build new ones. Usually one finds around the houses various kinds of fruit trees, especially the coconut, the nuts from which are generally

gathered by trained monkeys. These monkeys have a short tail, about an inch long, and are extremely intelligent. When a coconut is wanted the monkey is sent up the tree and he will select any particular nut that his master tells him, from perhaps a bunch of twenty. It is quite common to hear a conversation between man and monkey.

A fresh, green coconut usually contains from a pint to a quart of sweet water. The meat of the nut is in the form of a soft white jelly and is delicious to eat, being easily scooped out with a spoon. Immense quantities of coconuts are exported in the form of copra, which is the dried kernel of the nut, and is used principally for the manufacture of margarine and similar products.

To continue the journey, imagine yourself lying on a comfortable mattress in a houseboat, with a supply of fresh coconuts and fruit, being slowly poled up a beautiful river. On both banks the dense jungle reaches to the water's edge, and long vines hang down from the trees, trailing in the water. The most vivid colors occasionally flash out into the sunlight and back into the gloom of the jungle.

Malays are Mohammedans, but at the same time they are extremely superstitious and have a great respect for the devil and other evil spirits, as well as ghosts. In fact, though very religious, the Malay prefers to keep in with the spirits, and once a year holds an important rite called Tokak Balak, at which propitiatory offerings are made to all evil spirits. The rite is held just after sunset on the bank of a river. Every one attending the ceremony brings a cooked fowl. These are placed on the ground with numerous other offerings and incense is burned.

At the end of the ceremony a large white flag, which has been brought, one by every person attending the ceremony, is raised on the ground with numerous other offerings and incense is burned. The flag is held just after sunset on the bank of a river. Every one attending the ceremony brings a cooked fowl. These are placed on the ground with numerous other offerings and incense is burned.

The Malays then have a feast on the cooked fowls and return home at sunset, leaving the spirit's shrine at the foot of the river bank, but each one taking with him the little white flag. This flag he places in a conspicuous position outside his house as a sign to all evil spirits that he was present at the rite of propitiation.

During the night the offering, of course, disappears, but it would never do to suggest to the Malays that dogs or other animals had eaten them. Sickness is always attributed to an evil spirit, and in these days of influenza masks it is very interesting to see how such evil spirits are disposed in the Malay jungle.

All spirits and ghosts are supposed to travel by night on the surface of the water, and in these days of influenza masks it is very interesting to see how such evil spirits are disposed in the Malay jungle.

Seeking Wheat To Resist Black Rust

And Mature Early Enough to Escape Fall Frosts

Saskatoon, Sask.—For many months experiments have been under way at the college of agriculture, university of Saskatchewan, to find a wheat which will resist black rust, and at the same time mature early enough to escape the fall frosts.

W. D. Thompson, professor of biology for over two years, has been testing and breeding wheats with the object of producing wheat with these qualifications, plus good milling, high yield and other good points possessed by Marquis wheat. W. P. Fraser, formerly of Macdonald college, Quebec, who for two years has been engaged on similar experiments for the Dominion government is now carrying on his experiments here.

Both men are working independently, but are using the same greenhouses. Considerable progress has been made by Dr. Thompson, and several varieties have been found which were highly rust resistant, but only one all of whose individuals were highly resistant.

Blight the Soil

"Here is a picture of a man, that the automobile is a menace to religion."

"Maybe the poor fellow bought a second hand car," Charlotte Observer.

People seldom improve, when they have no model but themselves to copy from.

Japan Offers to Curb Reds If She Receives a Mandate for India

Paris.—The Japanese general staff has made an offer to President Clemenceau to stamp out Bolshevism throughout Russia, but has asked as the price that France give India to Japan. It is said that when the United States refused to sanction an inter-allied expeditionary force against the Bolshevik Premier, Clemenceau asked Viscount Chinda what Japan could do about crushing Bolshevism.

Chinda, called to Tokyo and received a reply that the general staff could map out operations for ending the control of Lenin and Trotsky in Russia within two months. The French then asked the Japanese if a slice of Siberia would be acceptable as payment.

The Japanese replied in the negative, saying that Japan was friendly to Russia and did not wish to incur Russian enmity by taking any Russian territory, but would undertake to set up a stable Russian government, which would repay the French loans and protect French finance, in return for France ceding India to Japan.

This proposition was not acceptable to France, so the deal fell through.

It is reported that Japan has made an offer to England to send troops to Russia and bear the expenses of the expedition alone if she receives a mandate for Indo-China. The French rejected the former German colonies as compensation.

A Winter's Harvest

Make Money by Feeding Stock During the Winter Months

Many farmers in Western Canada make considerable money by feeding stock during the winter months. Here is a typical example of what is often done along these lines. Last October Mr. George W. Quinn, who farms about 1,400 acres of land near Macgregor, Man., purchased seventy-nine head of steers on the Winnipeg market at an average cost of ten and a half cents a pound. They were Shorthorn and Hereford grades, and their average weight was nine hundred and seventy pounds each. After four months' feeding they increased about one hundred and fifty pounds each in weight and were sold for fifteen and a half cents a pound, yielding a net profit, after deduction of freight, commission and cost of feeding, of \$3,750.10, or \$46.90 per steer.

For many years, Mr. Quinn has made it a practice to feed a few cattle on his farm each winter, and for this purpose grows plenty of food. He has proved by experience that good cattle make a good market on coarse Western grains as on corn. He does not pamper his cattle, but allows them to roam and feed in the open most of the time, providing only cheap open sheds for shelter. When they came from the market the steers were put on timothy and alfalfa. The stubble fields and summerfallow were also used for about six weeks. From December 1 they were given a gradually increasing ration of oat hay and barley. The total gain, which amounted to about one and a half pounds a day over the whole period, is indicative of the feeding value of Western Canadian grains and grasses.

Pay Thrift Stamps for Cops

Pitcher Creek, Alta.—A unique and novel method of popularizing the purchase of thrift stamps throughout the province has been adopted by the rural municipality of Pitcher Creek. All premiums on copiers will be paid by the municipality, in thrifty stamps. Many rural municipalities throughout the province have used this method of payment under consideration at the present time, and the idea is likely to become general.

Exporting Eggs by the Carload

Two cars carrying 30,000 dozen eggs were shipped to Montreal from Saskatchewan last week by a Regina produce dealer. This is the largest shipment of its kind ever sent from Regina at this time of the year and marks the opening of a wider field for Saskatchewan eggs.

That Saskatchewan is scheduled to be one of the foremost provinces in the production of eggs, the possibility of those who know the possibilities of this province.

A Great Future for Cattle Industry

Speaking at the opening of the nineteenth annual bull show at Calgary, Alberta, Prof. Geo. E. Day, formerly professor of animal husbandry at the Agricultural College at Guelph, Ontario, said that the quality of the bulls in Western Canada was improving from year to year. The west, he asserted, holds a great future for the cattle industry. He was well acquainted with the stock shown at Calgary, which included nearly all the breeds of cattle known on this continent.

After Five Years Of Heart Trouble

Mrs. Brewer Turned to Dodd's Kidney Pills

Now She Is Telling Her Friends Who Suffer From Heart Trouble, to Use Dodd's Kidney Pills. Mrs. Brewer, well-known and highly respected here, is telling how much she has suffered for five years from heart trouble.

Heart trouble is nearly always caused by diseased kidneys, which fail in their work of straining the impurities out of the blood. The work of the kidneys is to remove the waste from the blood, and if they fail it has to protect blood thick with impurities to all parts of the body. The result is, of course, weakness and disease.

That Mrs. Brewer's trouble came from her kidneys is shown by her symptoms. "I suffered from rheumatism, gravel, stiffness of the joints, backache and headache," she states. "My sleep was broken, and unrefreshing. I was nervous and my limbs trembled. My skin itched and burned at night. It was after a doctor had failed to cure me I tried Dodd's Kidney Pills. I must admit they did me a lot of good."

Shortorns for Cross-Breeding

Shorthorn Blood a Decided Advantage in Winning Premier's Honors

The value of the Shorthorn for crossing on other breeds is well known, and a large proportion of prize-winning steers in the selections for grades and crosses at our leading fairs, carry Shorthorn blood in their veins.

Crossing the Hereford and Shorthorn has produced some of the most noted herds in the Panhandle country of Texas. See "Shorthorn Cattle," by Sanders.

One of the most noted crosses is that of the Shorthorn with the black polled cattle of Scotland, the result being the so-called "prime Scots," which have been favorites for a great many years with both farmers and butchers in Great Britain. This cross has a growthiness and readiness to fatten which pleases the cattle feeder and swells his bank account. No other breed has proven equal to the Shorthorn for crossing.

Unfortunately for the Shorthorn, it does not stamp its color upon its progeny when crossed with other breeds to the extent that the Hereford, Aberdeen-Angus, and Galloway crosses do.

In this way the Shorthorn loses a great deal of the credit which is its due, when crosses are upon exhibition. For example, at the 1918 International Exhibition in Chicago, the grand champion "cattle" were advertised as Herefords, because they had the Hereford color, but they carried a strong infusion of Shorthorn blood which was a decided advantage to them in winning premier honors. Also, the group of three steers winning first prize in the "cattle" class, were advertised as Herefords, but they carried a strong infusion of Shorthorn blood which was a decided advantage to them in winning premier honors.

Though he is not a good advertiser, the standpoint of transmitting his color, the Shorthorn bull, transmits the excellent qualities of the breed to a marked degree, and effects improvement wherever he is used. G. E. Day, Sec. Dominion Shorthorn Breeders' Assoc., G. H. H.

France Aims at Sea Trade

Paris.—Whatever the amount of indemnities which France will receive from Germany, French financial and commercial leaders have begun to recognize that other sources will have to be drawn upon to restore the vitality of the nation. The French government, accordingly, has launched a gigantic scheme for the development of the French ports and navigations are under way for the improvement of waterways and the construction of a large merchant marine.

Importance of Cattle Industry

That Alberta producers appreciate the possibilities of the livestock industry is shown by their willingness to pay high prices for suitable animals. This was again exemplified at a sale of Shorthorn cattle at Brandon, Manitoba, last week, when Charles Beeding of De Winton, purchased a yearling Shorthorn heifer for \$3,100, and another animal for \$3,000. It is rarely that the two highest prices at a sale are paid by the same person, but this is what occurred at this sale.

Beeding purchased seven head of cattle at this sale at a total cost of \$9,000. At the sale a total of eighty-seven animals were sold at a total price of \$2,875.

Don't strike a man until you are sure that he deserves it—and then be sure he is smaller than you are.

Spraying Stock Safe

Good Prices For Fat Steers and Cows Realized

The sale of fat stock is now a fixed feature of the spring show at Edmonton, Alberta. Feeders can convert their effort and care into cash and the packers are living up to a tacit obligation to offer prices equal to the quality of the goods.

A university champion steer was the highest priced head, bringing \$350 a pound from the Swift Canadian Co. Other animals sold for 26 cents and 20 cents a pound, while none was sold for less than 17½ cents a pound. Several calves were auctioned after the heavy beef realizing up to 21c a pound.

The commercial hogs were sold at a fat rate of \$20.50 a hundred pounds.

Extend Exhibition Buildings

Regina, Sask.—The city council has accepted the report of the committee concerning extensions to the buildings of the industrial and agricultural exhibition association. This means that a new winter fair building will be erected at a cost of about \$120,000. The summer exhibition year will be on a more ambitious scale than before.

LOOK AT A CHILD'S TONGUE WHEN CROSS, FEVERISH AND SICK

Take no chances! Move poisons from liver and bowels at once

Mothers can rest easy, after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food, moves out of the bowels, and again have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered. When cross, feverish, restless, see if tongue is coated, then give this delicious "Syrup of Figs." Children love it, and it can not cause injury. No difference what ails your little one—full of cold, or a sore throat, diarrhea, stomach-ache, bad breath, remember, a gentle "inside cleansing" will soothe and bring the best treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

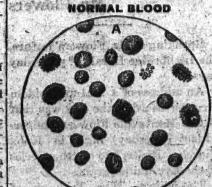

Beware of counterfeit "Syrup of Figs." Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no other size. Hand back with contempt any other fig syrup.

Japanese Disappointed

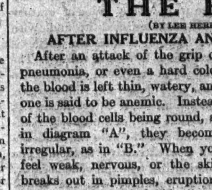

Tokio.—The report from Paris that the plea of the Japanese delegates for the inclusion in the covenant of the league of nations of a clause providing for racial equality had failed of approval has caused great disappointment in Japan. The Hoshi says that Japan should refuse to join the league of nations, but the majority of the newspapers declare that Japan must face the situation bravely and steadfastly and endeavor to enhance the nation's progress and prestige.

Youth and Age

Some men are born old, and some never seem old. If we keep well and clothe in the ways of youth, and at last die in youth, even when years would count us old.—Tyrone Edwards.

NORMAL BLOOD

IN ANEMIA

Not out in the open, but in the dark.

THE BLOOD

(BY LIEBKEHART SMITH, M.D.)

AFTER INFLUENZA AND HARD WINTER COLDS.

After an attack of the grip or pneumonia, or even a hard cold, the blood is left thin, watery, and one is said to be anemic. Instead of the blood cells being round, as in diagram "A," they become irregular, as in "B." When you feel weak, nervous, or the skin breaks out in pimples, eruptions or boils, and you feel "blue" and without any snap or energy, sometimes hands cold and clammy, there is usually a large decrease in the red or white blood corpuscles and one should build up with some good blood-builder and tonic.

You can put iron in your blood and the cells become round and red, losing the irregular shape, by

Shock Left Her Weak and Nervous COULD NOT SLEEP

When the system receives a shock of any kind, the heart becomes weakened, the nerves unstrung, the appetite fails, and a host of feelings come over you, you can't sleep at night, and you wonder if life is worth living.

To all those who suffer from nervous shock we would recommend Milburn's Heart and Nerve Pills as the best remedy to tone up the entire system and strengthen the weakened organs.

Mrs. J. J. Bunyan, Pilot Butte, Sask., writes:—"I have used Milburn's Heart and Nerve Pills after having suffered from a terrible shock to my whole system. I was so utterly weak, and nervous I could not sleep at night, and my appetite was very poor. I could not walk across the floor all day long."

I had hot flashes and fainting spells.

When I was on the second box of your Heart and Nerve Pills, I began soon to feel better. I am now stronger than I have been for many months, and I highly recommend them to all who suffer with their hearts. Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The O. Milburn Co., Limited, Toronto, Ont.

To Increase Elevator Capacity

Saskatchewan Co-operative Elevator Company to Meet Rapidly Increasing Growth

The two and a half million bush capacity terminal elevator which was opened at Fort Arthur at the head of the Great Lakes last year by the Saskatchewan Co-operative Elevator Company, is already proving inadequate to meet the rapidly increasing growth of the business of this farmers' organization.

To the plant as originally built a year ago the Saskatchewan farmers have already added a warehouse inadequate for the treatment of off-grade grain, with a capacity of 650,000 bushels, the only public hospital elevator at the head of the lakes, into which the first load of grain was taken a few days ago. It is now proposed to meet the rapidly increasing demands made on the company's terminal facilities by construction work which will give to the terminal storage warehouse an added capacity of 2,000,000 bushels. Plans have been approved for this addition which will involve an expenditure of \$500,000.

"Black Watch" The Best Black Plug Chewing Tobacco on the Market

Detachment of Royalties

Berlin.—A German professor figures out that the abdications and detachments in Germany include 278 persons. Bavaria leads with sixteen, one queen, fifteen princes, sixteen princesses, five dukes and one duchess. Prussia has sent 33 royalties into exile including the emperor, empress, twenty princes and 11 princesses.

Farm Help Needed

Moore Jaw, Sask.—About 2,000 men are required in connection with spring work on the land of the province. The employment offices have 602 unskilled applicants, the men, and with the new crop of school leavers this number will increase very largely.

Y.M.C.A. Good Work

One of the best reasons for supporting the Red Triangle fund throughout the country is that the Y.M.C.A. is organizing an effort to extend its usefulness into the small towns and country districts. Everyone knows how much good the Y.M.C.A. did at the front; how it spent hundreds of thousands of dollars on athletic equipment, cinemas, theatres, shows, concert parties, books, magazines and many other comforts for the fighting soldiers. The canteens of the Y.M.C.A. were operated at exactly the same scale of prices as the army canteens, but in addition to that they gave back to the battalions in the corps area in France 5% of the gross sales in their canteens to be used in providing special comforts for the men.

In addition to the chaplain service the Canadian Y.M.C.A. was the mainstay of the morals of the Canadian army. It did a work which no other organization could have accomplished and scores of thousands of Canadian soldiers are today returning to their own country better men because the Y.M.C.A. was with them at the front.

And now they find that their work is actually increased with the closing of the war. During demobilization they are even a more important factor than during the fighting. Every troopship coming back has its Y.M.C.A. representative with games, gramophone music, books, magazines, writing paper, and everything else that a soldier can want. Every troop train crossing the continent is similarly supplied. In fact the military necessities of the society in 1919 in Canada and on the troopships will be \$1,000,000.

In addition to its military activities, it is endeavoring to extend its system of entertainment and training throughout the country districts, particularly in connection with the work among the boys, and is undertaking a regular campaign with this end in view. Such an effort should have the generous support of the country.

The Red Triangle Campaign, which will open on May 5th, calls upon Alberta for \$100,500, but \$140,000 will be spent in Alberta during the present year on national Y.M.C.A. effort. It is hoped that throughout all districts of the province a generous response will be made.

The Red Triangle Campaign, which will open on May 5th, calls upon Alberta for \$100,500, but \$140,000 will be spent in Alberta during the present year on national Y.M.C.A. effort. It is hoped that throughout all districts of the province a generous response will be made.

Summer Courses For Returned Soldiers

Arrangements have been completed for the summer courses for returned soldiers. This summer session will open at the University of Alberta, Edmonton, on May 19 next, and will continue until September 12th.

The purpose of this summer school is to furnish assistance to men whose studies have been interrupted by the war that too much time may not be lost in getting into regular classes again. In some cases men who had left school before enlistment are anxious to resume their studies. Provision will be made for these men also. Returned men everywhere are invited to take advantage of this school.

The school will be so organized as to give as far as possible individual instruction. Thus a man may enter with almost any attainment and make as rapid progress as he is capable of. Any returned man who is interested in improving his education with the idea of continuing in some institution in the fall should write the Department of Education, Edmonton, at once.

Returned men only will be admitted to these courses. The University dormitories and boarding facilities will be available for those who may attend. A rate similar to that prevailing during the regular session will be allowed, namely, thirty dollars per month for both room and board.

The Department of Education will furnish tuition in these courses free. The session will close in time for those qualified to enter the Normal School or proceed with University work. All likely to attend should advise the department at once that all courses required may be included in the plans.

Bars pass out of existence in Quebec today, as far as strong drink is concerned, and beer and wine licenses go into effect.

Mr. C. A. Kells, of Calgary, representing the Red Triangle, was in Blairmore the latter part of last week to organize for the coming campaign.

W. D. Lawson, who has been manager of the Canadian Bank of Commerce branch at Coleman for several years, is being transferred to Toronto and leaves for his new post shortly.

Diamond Brothers have purchased a site 30 x 115 feet from William Evans on Victoria street and have let the contract to E. Diner for the building of a moving picture theatre.

Drs. Olivier and Lillie and G. N. Elwin have purchased the boat-house and equipment of Inspector Junget at Crows' Nest lake and intend to have many a splashing time this summer.

Sixty blocks in the Japanese quarter of Yokohama were destroyed by fire on Monday, entailing a loss of two persons and property damage to the extent of 15,000,000 yen (\$7,470,000). Thousands of persons are homeless.

Sale of War Savings Stamps Will Continue

The report that the sale of War Savings and Thrift Stamps is about to be abandoned by the Dominion Government is denied in the following statement issued by the Minister of Finance:

The war savings movement is gaining momentum, the sales increasing with each month. It is, however, an experiment, and if after a fair trial, it is found that the movement on the present lines is out of proportion to the success attained the question of discontinuing active propaganda will then have consideration.

In any event war savings and thrift stamps will be on sale for public purchase during the entire current year and as large a measure of volunteer support as possible will be welcomed.

It Takes Courage

To live according to your convictions.
To be what you are and not pretend to be what you are not.

To say "No," squarely and firmly when those around you say "Yes."

To live honestly within your means and not dishonestly upon the means of others.
To speak the truth, when by a little prevarication you can get some special advantage.

To refuse to knuckle down to and bend the knee to the wealthy, even though you are poor.

When mortified and embarrassed by humiliating disaster, to seek in your ruins the elements of future success.

To refuse to do a thing which is wrong because others do it, or because it is customary and done in trade.

To stay home evenings and try to improve yourself when your comrades spend their evening having a good time.

To remain in honest poverty while others grow rich by questionable methods which you could easily use yourself.

To refrain from gossip when others about you delight in it, and to stand up for an absent person who is being abused.

Not to bend the knee to popular prejudice, but stand firmly erect while others are bowing and fawning for praise and power.

Danny Lewis, one of the victims of the auto accident of a couple of weeks ago, has been out on crutches, so during the week. Miss McColm is still in hospital. Mrs. William Oliver is relieving Miss McColm at the school.

There must be something wrong with that Lethbridge gentleman who informed the board of trade that the road from Lethbridge to Coleman, with the exception of ten or twelve miles through the Indian reserve, was in pretty fair shape.

A public meeting will be held in the Union church on Sunday evening at 8:30, to be addressed by Capt. Rae, representing the Military Y.M.C.A. Capt. Rae is an interesting speaker and should be heard by a large audience. He volunteered early in the war to serve as an army chaplain but was not accepted. He immediately enlisted as a private and went over to do his bit and rapidly advanced to the captaincy. He has seen quite a bit of what the military Y.M.C.A. has meant to the boys over there, and comes with good tales and a strong appeal for a continuance of liberal giving to the work that must yet be carried on. Capt. Rae will also speak at the regular evening service at the church.

NOTICE TO CREDITORS

In the Surrogate Court of the Judicial District of Swift Current

IN THE MATTER OF THE ESTATE OF ALLAN McDONALD, late of the Postal District of Saskatoon, in the Province of Saskatchewan, Farmer, Deceased.

NOTICE IS HEREBY GIVEN that all persons having claims against the above named estate are required to send full particulars of such claims, and of any security held therefor, verified by Statutory Declaration to the undersigned Solicitor on or before the 30th day of June, 1919, after which date the Administratrix will proceed to distribute the assets of the said estate among the parties entitled thereto, having regard only to such claims of which she shall then have notice and shall not be liable for the assets so distributed to any person whose claim she has not had notice on said date.

DATED at Cabri, Saskatchewan, this 19th day of April, A. D. 1919.

JAMES ROBINSON,

Cabri, Sask.,
Solicitor for the Administratrix
MARY ANN McDONALD.

Fine Address By Mr. Flowers

Speaking of Mr. Flowers' lecture, the Lethbridge Herald of yesterday says:

An address of a nature seldom or never heard in the city was that of Mr. Monteville Flowers, delivered last (Tuesday) night in Knox church. It was one of the series of the Lyceum program.

The subject, "The Triumph of Democracy," was handled in a unique way, with a grace of oratory which distinguished it, and with new light on a question which is foremost as a topic of the day. The address, in brief, can be said to have been inspiring, informative, compelling and entertaining. It was dealt with in a masterly manner and placed before the audience in a most attractive fashion. The culminating triumph of democracy, Mr. Flowers held was the transference of the long line along the Marne last year to the line of democracy, thirty miles over the east bank of the Rhine, in the conquered territory of the enemies of democracy.

Mr. Flowers will be heard at the Blairmore opera house tonight.

Harry Lauder has been knighted for war services.

Local and General

H. B. Carter, representing Smith, Davidson & Wright Paper Co., of Vancouver, was in town on Tuesday.

Cases of sleeping sickness are becoming common in the Nova Scotia houses of assembly—and in the Alberta houses too, they were a nuisance for a time.

L. H. Putnam went to Macleod the early part of the week, where he made humble intercession on behalf of his client, B. B. Ontario, and as far as can be learned his prayers were not answered.

Experts tell us that, roughly speaking, one marriage in three results in divorce, began the chap with the fund of useless irritation. Yes, the other one chimed in, and it's the roughly speaking part that causes most of the trouble.

By a decisive majority, the Winnipeg Typographical Union has turned down the One Big Union.

Sam Davidson is down from Calgary to superintend the examination of candidates for mining efficiency.

W. C. B. Hobbs, formerly on the service staff of F. M. Thompson Co., here, but who now travels for a Vancouver lampery firm, was in the Pass this week.

Chio King is moving his restaurant No. 2 from the Penchen block to the Rose block, which he has leased to permit of the Blairmore Hardware Co. moving into the Penchen premises.

Three candidates were made acquainted with the mysteries of the first degree of Oddfellowship on Tuesday night. They all prefer auto riding to being burned about on an unscrupulous goat.

Help the Y.M.C.A. Finish its Work For Soldiers

Help the "Y" Construct the Manhood that will Re-construct Canada

ALL the world now knows that the Red Triangle of the Y.M.C.A. was the "Sign of Friendship" to thousands of your brothers, sons, nephews, cousins and neighbours' boys in the last four and a half years. Wherever the Canadian Soldiers went, the "Good old 'Y'" went too. And now it is coming back home with them!

For the support which has made possible the war work of the Y.M.C.A. we thank you. Your money has been well expended. We have rendered full account.

We ask now your continued sympathy and support for Red Triangle Service for our Soldiers during demobilization, and for Y.M.C.A. work for Canada generally during the Reconstruction period. The Annual Red Triangle campaign will be held throughout Canada May 5th to 9th, 1919. The objective is \$1,100,000.

The Y.M.C.A. will keep its chains of Service unbroken till the end.

For Our Men Returning

For the soldiers and their dependents, returning from Overseas, we have provided as follows:—

1. A Red Triangle man on board every ship when it leaves Great Britain, with a full equipment of games, gramophones and records, magic lantern, literature and writing materials. Where possible, also a piano or an organ. Lectures, concerts, sing songs, instruction in Government registration plans, and Sunday Services.
2. Red Triangle comforts and facilities for the men on arrival at Halifax, St. John, Quebec and Montreal, including coffee stalls, with free drinks, free cigarettes, candies, etc.
3. Red Triangle men on every troop train to provide regularly free drinks, cigarettes, gramophone records and sing songs, and furnish information.
4. Red Triangle free canteen service, information bureau, etc., at each of the 23 Reception centres in Canada.
5. Red Triangle Clubs in the principal cities of Canada in the shape of large Y.M.C.A. hostels to furnish bed and board at low rates and to be a rendezvous for soldiers.
6. Seventy-five Secretaries to superintend Red Triangle service in Military Hospitals, Camps and Barracks throughout Canada.
7. Tickets entitling soldiers to full Y.M.C.A. privileges for six months at any local Y.M.C.A. furnished.

In addition to our work for the returning soldiers, we have to maintain the Red Triangle service to the full for the soldiers in Siberia, as well as the work of special secretaries in Northern Russia, Palestine and Poland.

For Canada's Manhood

The Reconstruction program of the Y. M. C. A. includes the following vitally important developments:—

1. An increased service to 300,000 teen-age boys in the Dominion—the development of Canadian Standard Efficiency training; Bible Study groups; summer camps; conferences; service for High School boys, for working boys, in the towns and cities; for boys on the farm and for boys everywhere, who have lacked opportunity for mental, moral, physical or social development.
2. Insurgation of Y.M.C.A. work in the country, and the smaller towns and villages lacking Association buildings and equipment, on a plan of county organization. This will include the establishment of Red Triangle centres for social, recreational and educational work among boys and men, in co-operation with the churches.
3. The promotion of Y.M.C.A. work among Canada's army of workers in industrial plants, both in Y.M.C.A. buildings and in the factory buildings, organizing the social spirit among the industrial workers of our cities by meetings, entertainments, games and sports.
4. The establishment of the Red Triangle in isolated districts where lumbermen, miners and other workers hold the front trenches of industry.
5. Besides these main fields of increased activity for 1919, we have to provide for enlarged work among railway men, college students and for our campaign to encourage physical and sex education. Under all our work we place the fundamental foundation of manly Christianity.

Y.W.C.A.

For the wives and children of Overseas dependents upon Canadian soldiers, and for Y.W.C.A. work in Canada generally, a sum of \$100,000 from the Red Triangle Fund will be set aside for the Dominion Council of the Y.W.C.A., which is caring for the soldier's women folk, and their little ones on the long journey from Liverpool to Canada, and is also extending its work for Canadian girls.

For their sake also be generous when you make your contribution.

FOR the sake of our victorious soldiers and their dependents, and the happiness of their home-coming; for the sake of our future citizens, our teen-age boys; for the sake of rural life in Canada; for the sake of the social betterment of the toilers in factory and workshop; for the sake of lonely men and boys in our mines and forests; for the sake of Christian Society and Canadian manhood—we appeal to you. Give us your contribution, little or big. Be as generous as you can.

Hand your contribution to the canvasser when he calls, or if you live where it is difficult for him to call, send it by check, money order or registered letter to the National Treasurer, Red Triangle Campaign, 120 Bay Street, Toronto.

Please Note:

We are not asking for money to carry on our work Overseas, with the Army in Great Britain, France or Belgium. That work will continue at its maximum for some months, financially provided for by the liquidation of our assets Overseas, and will not terminate till the last man has sailed for home.

National Council, Young Men's Christian Associations of Canada

Italy Considers She Has Had Poor Deal

London. — Public opinion in Italy, according to a wireless message from Rome, is much excited against the peace conference for refusing to recognize the Italian claims. Apparently there is a complete truce in party politics and the newspapers are unanimous in blaming the allies. It is declared that feeling is running so high that it might have a disastrous influence on Anglo-Italian relations.

The Italians consider that they have been betrayed by the allies, the despatch says. The whole nation is aroused and has rallied to the support of Orlando and Sonnino. There is a brave army ready to make every sacrifice for the realization of their program. Many popular demonstrations have taken place since the watchword adopted is "Fiume or Death."

If the conference does not accept the Italian point of view, the situation will become extremely serious.

Germany's Idea of League

Suggest World Parliament and International Tribunal

Copenhagen. — The German counter proposals to the league of nations are outlined in a long dispatch from Berlin. The German draft proposes that the league shall embrace belligerent states and all neutral states, which were signatories of The Hague treaty, other states to be admitted by the consent of a majority of the members of the league, but the Holy See to be admitted without this condition. It is proposed that the league shall function through a congress of states and a world parliament, the former to be the chief administrative body, comprising representatives, with equal rights, of all the governments.

The world parliament is to be elected from the parliaments of each state, one representative for every million inhabitants, but no parliament to send more than ten representatives.

Further, it is proposed that two special bodies shall be created, an international tribunal and a mediation bureau, to decide respectively questions of interests. Every difference between states must be submitted to either body.

No Relief for Germany

New York. — The federal reserve board issued an order here authorizing the remittance of funds to the countries of Central Europe, excluding Germany, through the United States relief administration only. United States food stocks held in Europe by the administration will be used as the medium of exchange.

State to Train Returned Men

Sydney, N.S.W. — The state of New South Wales will bear the cost of training returned soldiers for the government railway workshops. The step will be taken in order to replace men who are leaving the shops through natural causes, and also to meet contemplated extensions of the railway.

Italy Must Forego Claim to Fiume

London. — With reference to the Italian claims the Associated Press learns that under the treaty of London, Italy was entitled to Trieste, Pola and part of Dalmatia, but Fiume was to go to Croatia.

Great Britain has advised Italy in her own interests to forego some of her claims, but if the Italians insist on their rights under the treaty, Great Britain and France are prepared to honor their signatures, in which case, as pointed out to Italy, Fiume must go to Croatia.

It is understood that President Wilson issued his statement on his sole responsibility, and that Premier Lloyd George and Premier Clemenceau are still actively seeking to bring about an agreement.

It was learned at Italian headquarters here this evening that the Italian delegates were first apprised of President Wilson's statement when it appeared in the afternoon papers. Premier Orlando at once sent a telegram to Premiers Lloyd George and Clemenceau asking them if they thought it possible after the publication of this document the Italians could remain in the peace conference. A reply had not been received up to a late hour.

In the statement issued by President Wilson explaining his position on the Adriatic question he declares

Allies Welcome Delay

Will Not Hurry Germans on Account of Italian Situation

Paris. — The date of the arrival of the German peace delegation at Versailles is still not determined, and the allied representatives are apparently not pressing for haste in view of the fact that the uncertainties of the Italian situation might possibly make an early inauguration of formal discussion between the representatives of the allied and associated powers and the Germans impossible. Delays in framing the treaty of peace is also a reason for not desiring the speedy arrival of the enemy.

It is said that no final decision has been reached as to according freedom of movement to the Germans as required by Count von Brockdorff-Rantzau, the German foreign minister, regarding possible access by alienated newspapers as representatives to the German delegation. Andre Tardieu, who is in charge of arrangements, has flatly opposed any freedom being given "the Germans and has insisted that they must continue to be treated as enemies until the treaty is signed.

Secret Treaty Exposed

Telegram Showing Duplicity of Bulgaria and Austria Published

Paris. — The Journal des Debats publishes the text of the military convention between Germany, Austria, and Bulgaria, entered into at German military headquarters in August-September, 1918. Clause six shows the pressure which caused King Constantine's refusal to follow Mr. Venizelos' advice and support Serbia. The Journal des Debats also publishes a secret telegram, showing the duplicity of Bulgaria and Austria. August Gaurain points the moral that the recurrence of such traps as were laid in 1915 will not be prevented unless the guilty states are deprived of power for harm.

May Recall Y.M.C.A. Men

Paris. — The possibility of ordering all United States Y.M.C.A. workers out of Italy is being considered by John R. Mott, of the war work council of the Y.M.C.A. There are about 200 American workers in Italy assigned to various units of the Italian army, and Mr. Mott was somewhat perturbed over the possibility that they might become involved in manifestations of anti-United States feeling.

Fiume Complications

Paris. — The situation in Fiume is complicated by the fact that the town, as the headquarters of the allied army of the Orient, contains French and British as well as Italian troops. A one-sided Italian occupation of Fiume, it is believed, would immediately provoke a diplomatic and military issue with the European allies.

Hungarians Ask For Armistice

If Soviet Government Abolished Allies Will Grant Request

Berlin. — The Lokal Anzeiger's Vienna correspondent says that the Hungarian soviet government has requested the entente mission, through a Hungarian diplomat in Vienna, to send delegates to Budapest to negotiate an armistice with the Rumanians.

Colonel Cunningham, representing the allies, after communicating with Paris, says the newspaper, "had the Hungarian government informed that the entente was ready to conclude an armistice and immediately suspend the advance of the troops if the soviet government would abdicate and a new cabinet representative of all the bourgeoisie was formed and all the decrees of the soviet government were withdrawn."

Colonel Cunningham, representing the allies, after communicating with Paris, says the newspaper, "had the Hungarian government informed that the entente was ready to conclude an armistice and immediately suspend the advance of the troops if the soviet government would abdicate and a new cabinet representative of all the bourgeoisie was formed and all the decrees of the soviet government were withdrawn."

British Pacifists' View

Says Terms Submitted to Germany Would Not End War

Huddersfield, Eng. — Philip Snowden, former Liberal and pacifist member of parliament, in an address at the annual conference of the Independent Labor party, said that the peace terms to be submitted to Germany were not peace terms, and would not end the war. "The new war," he continued, "will be a war of systems and classes, in which the bourgeoisie of all nations will be ranged on one side against the hereditary oppressors and exploiters. We are not a party of violence. An intelligent and unselfish democracy need not in a country like ours, resort to methods of violence to attain its aims. If revolution has to be achieved in Great Britain by violence, it will come in that way because of the resistance of the old order to the new birth."

Riots at Hamburg

Affected the Unloading of Food Relief Ships for a Time

Berlin. — There have been serious disturbances at Hamburg during the week end. A mob plundered the harbor quarter and clashed with the police, several people being killed and wounded. A dispatch to the Vosses says there was a regular battle in the suburbs of St. Paul, west of the city.

A policeman was killed and several others were wounded, but the rioters suffered worse than the officers.

The rioting was renewed, arms being distributed to mobs in St. Paul. Several police depots were attacked by the mobs and one was captured.

London. — The rioting at Hamburg affected the unloading of food relief ships for a time, according to official reports received here, but the work was proceeding with voluntary strike breakers, composed mostly of merchants and men of the professional classes, who realize the vital need of getting the food unloaded. Until the present outbreak the navy had been able to control the German laborers, although they had been unwilling to work.

A policeman was killed and several others were wounded, but the rioters suffered worse than the officers.

French Losses in War

Number Over Three Per Cent of Population

Paris. — The Petit Parisien publishes a table of the relative losses of the allies in the war, according to which France, with a population of 38,762,000 mobilized 9,717,000 men, representing 20 per cent of the population, and her losses (killed) numbered 1,800,000, or 3.37 per cent of the population.

England mobilized 5,704,000 men, or 12.6 per cent of the population, and her losses were 680,000, or 1.5 per cent of the population. The British colonies are not included in these figures.

Italy mobilized 5,250,000 men, which represents 15.1 per cent of the population, and lost 460,000, or 1.32 per cent.

The United States mobilized 3,800,000 men or 4.1 per cent of the population, and her losses, 122,000, represents a percentage of .013.

Ban on Civil Aviators Lifted

British Agree to Civil Aviation Schemes and Provide for Overseas Routes

London. — The ban of civil aviators will be raised May 1 in Great Britain. The air ministry, in preparation, has mapped out various air routes along which the civilian aviators will find airframes and mechanics for their machines. These thoroughfares will not only enable direct communication between London and Ireland, and London and the north, but also cater to some of the more important towns in the industrial districts.

Airdromes for traffic to and from overseas are for the present time limited to four. At these overseas machines must land for examination of goods and passengers. The airdromes are, for continental traffic at Lymington in Kent; for Dutch traffic, at Hadleigh, in Suffolk; for Scandinavian traffic, at New Holland in Lincolnshire, and for traffic direct to London, at Hounslow in Middlesex.

Rumanians Advance

Acting Solely Under Orders of the Allies

London. — According to authoritative information, Reuter's learns the Rumanian advance into Hungary is progressing excellently. Rumania is acting solely under the orders of the allies and purely with the object of stemming the Bolshevik advance.

No permanent occupation of territory is contemplated without sanction of the peace conference. While the danger of Bolshevik attack on Rumania is not entirely removed, it is believed that the position is much improved. The situation in Rumania grows brighter daily. The spirit of the army is magnificent and the continued arrivals of food, equipment and stores is having great effect.

Berlin. — The soviet government in Hungary has asked for a suspension of the Rumanian offensive and the arrangement of an armistice, according to Vienna reports received here. One of these reports quotes the Neue Wiener Journal to this effect. The dispatch adds that the government of Bela Kun has announced its readiness to retire in favor of a Socialist cabinet.

Bremen in State of Siege

Berlin. — The situation in Bremen has become serious. Advice received from that state that a state of siege has been proclaimed by the senate and that the publication of all newspapers, pamphlets and placards has been prohibited. Private persons are not allowed to use the telephones or the telegraph, letters are being censored and the restaurants, theatres, moving pictures houses and schools have been ordered closed.

Cave-in at Granby Mine

Grand Forks, B.C. — An immense cave-in has occurred at the Granby mine at Pelly, in the falls of the Great Northern and Canadian Pacific being suspended nearly a hundred feet above the cavity. No serious damage has resulted, except from interfering with shipping facilities. Such an occurrence not being expected, residents in adjacent homes are being moved as a precautionary measure.

Bolsheviki Deserters Are Joining Siberians

London. — Reuter's learns that the Bolshevik headquarters staff is hastily evacuating Orenburg, on which General Dutof's army is advancing. General Dutof has already recaptured Orenburg. Larger number of Bolshevik deserters have joined the Siberians and are fighting excellently. Peasants in the liberated districts are also joining Admiral Kolchak's forces in large numbers.

Archeangel. — The ice in the Dvina river is now breaking up near the junction of the River Vaga and according to information at Archeangel, traffic may be expected by Bolshevik gunboats within a short time. The Bolsheviks are also reported to be making considerable forces in the sector south of Kadish. The fronts were generally quiet.

Correct Misleading Statement

Paris. — Moscow telegrams have appeared in the French press stating that the Lahrins of Terapok in the Crimea had been occupied by the Bolsheviks owing to the delayed arrival of the Greek contingents. Owing to these statements, and others reflecting on the efficiency of the Greek troops, the Greek legation has issued a note to the press denying the alleged aspersions and stating that the Greek troops, which, together with the French force of equal size, were detailed to hold certain ports on the Black sea against the Bolshevik advance, were under the command of General Berthelot, and had always obeyed the orders received from the French command.

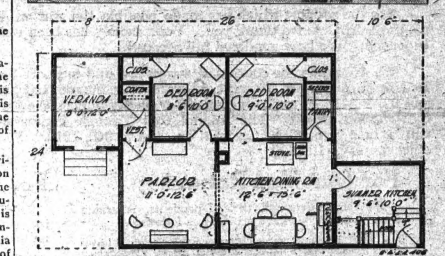

Growth of British Air Force

Outstanding Record Made During Period of the War

London. — The air ministry has published an astonishing record of the work of the air force during the war. It states that before the war the air force consisted of 272 machines, 197 officers and 1,642 men, while in October, 1918, there were 22,171 machines, 27,906 officers and 263,842 men.

From July, 1916, to the armistice, the air force on the western front brought down 7,554 enemy aircraft, dropped 62 tons of bombs and fired over ten and a half million rounds at ground targets.

A Moderate Priced Bungalow

This is an especially attractive, moderate-priced bungalow, easily heated, where the kitchen, dining room and parlor can be used, when desired, as one room. There is good cupboard space, also sink and large draining board. The front vestibule with a place for coats, the summer kitchen, having stairway to the cellar, are points of interest. It will be noted that the chimney is in the centre of the house. Many people believe that a cleaner chimney and better draught are thus afforded.

Britain Will Restore Forests Tyroleans Want Independence

Trees Will Replace Heavy Timber Cut Down During War

London. — Two hundred thousand acres of forest land in Great Britain are to be replanted at a cost of £17,000,000, according to an announcement by the government. The trees will replace some of the heavy timber cut down during the war and provide additional forests, so that the country may be independent of other timber sources in case of emergency.

Foresters are being trained and the necessary saplings are being prepared. If the experiment is successful, it is proposed to increase the acreage of re-forested land to 1,770,000 acres within the next 40 years.

Complain That Italy Wants to Swallow Up Their Country

Paris. — Tyrolean claims to recognition as an independent nationality are set forth by the delegates of the Tyrolean national council in Switzerland. Walter Latsch and Dr. Otto Guggenberger, in a lengthy memorial. The hardy mountaineers of the Tyrolean Alps complain that Italy wants to swallow up their country, which was part of the former Austrian empire and furnished the former Emperor Charles' army with one of its crack regiments, the Tyrolean sharpshooters.

German Envoy Recognized

Berlin. — The federal government has accepted letters accrediting Dr. Adolf Müller as German minister to Switzerland, thus formally recognizing the German government.

Paris. — King Victor Emmanuel has telegraphed to Premier Orlando commending his action and insisting that there be no receding from the position Italy has taken.

PIPES ON FACE CURE RASHES

Caused Disfigurement, Itchy and
Burning. Had Restless Nights.

"My face came out in little pimples that were sore, and I scratched them constantly, and then they turned into a rash that caused much disfigurement. The skin on my face that I rubbed it with scratching. The burning was so, and I had many restless nights."

"This trouble lasted about a year when I used Cuticura Soap and Ointment, and after using three cakes of Soap and two boxes of Ointment I was healed." (Signed) W. H. Hynes, St. Louis, Mo., Nov. 23, 1918.

Make Cuticura Soap, Ointment and Talcum your daily toilet preparations. For free sample ask of Cuticura, Inc., Dept. A, Boston, U. S. A. Send no money.

Budapest Fears Anarchy

Work Begun at Munition and War Material Factories.

Budapest. — This city is going through a crisis worse than that of April 3. There is apprehension that there would be a violent swing to anarchy with the Socialists losing control to Bolshevik leaders like Bela Kun and chiefs of the Red Guard. Looting, which hitherto has been held in check, or legalized as the "nationalization of property," and the assassination of the old political leaders and the aristocrats are feared.

Reports are current that the Hungarians and Czechs have reached an agreement from the state of anarchy. "This is increasing the uncertainty here. It is felt, however, that the Hungarians are advancing merely to occupy the territory set aside for them by the allied note of March 20, which resulted in the resignation of Count Michael Károlyi, former premier.

The fact that the communists are unable to prevent the allies from occupying the districts involved is weakening the influence of Bela Kun and is causing violent hatred against the allies among the Hungarians.

London. — In obedience to orders from the soldiers and workmen's council work was begun at munition and war material factories in and around Budapest, according to a Vienna dispatch to the Mail.

Opposed to Feeding Russia. — Lieut. Gen. Eugene Karlovitch Miller, head of the Archangel government, told the Associated Press that he was absolutely opposed to the plan of Dr. Fridtjof Nansen for feeding Russia. Other officials on all hands express similar views.

General Miller said: "The proposition to feed our enemies comes when the moment of victory is near for us, and it is entirely outside the question to think that we should cease fighting in order to permit provisions to reach our enemies."

Minard's Liniment Cures Dandruff.

Disturbances in Hamburg.

Copenhagen. — A state of siege has been proclaimed in the important German port of Hamburg and the suburbs of Altona and Wandsbeck, according to advices received here from Hamburg. In consequence of the disturbances in Hamburg, the police have received orders to shoot persons carrying arms, plundering or fighting against the national police.

Minard's Liniment Co., Limited.

Gentlemen. — I had my leg badly hurt, the pain was very severe and a large swelling came above my knee. I expected it would be serious—I rubbed it with MINARD'S LINIMENT, which stopped the pain and reduced the swelling very quickly. I cannot speak too highly of MINARD'S LINIMENT.

AMOS T. SMITH.

Fort Hood Island.

New Oil Refinery at Regina.

Regina, Sask. — T. N. Clayton of Minneapolis, assisting general manager of the Continental Oil company, stated definitely that the new refinery for western Canada would be erected in Regina and construction work would start in June.

CHILDREN NEED HELP

Spanking doesn't cure bed-wetting—the trouble is due to weakness of internal organs. My successful home treatment will be successful for you. Send no money, but write me today. My treatment is equally successful for adults, troubled with urinary difficulties.

MRS. N. G. HUMPHREY, Box 42 Windsor, Ont.

Russian Troops Advance

Archangel. — By an advance of approximately 20 miles southward over a road paralleling the Murmansk railroad line, about 30 miles to the east Russian troops operating with the allied Murmansk force have reached a point of striking distance of Lake Onega, which is connected by a chain of lakes and canals with Petrograd.

Special Prizes for Soldier Settlers.

Ottawa. — The special prizes granted by manufacturers of farm implements, harness and other farm accessories to soldiers settlers who apply for the land and loan benefit of the soldier settlement act will be eligible to any bona-fide settler who is eligible to accept the benefits of the act by reason of his military service, but is unable to finance his own transactions.

Catarrah and Dyspepsia

Undermined the System and the Nerves Gave Way—Hospital Treatment Failed—Read How Cure Was Effected

Precevalle, Sask., April 29. — This letter will give you an idea of what you may expect from this treatment for catarrah. While Dr. Chase's Catarrah Powder affords relief from the stuffed up air passages, headaches and annoying symptoms of catarrah, the Nerve Food enriches the blood and builds up the system, so that the disease is entirely cured. This is the ideal treatment for catarrah and its ravages on the human system.

Mr. Ed. L. Jones, Precevalle, Sask., writes: "I suffered for some time with catarrah and dyspepsia and my nervous system became quite run down. My food disagreed with me, and I was constantly bothered with indigestion. I also suffered from frequent headaches. I tried several doctors, and visited the hospital for a time, but could get no relief from any treatment until I began using Dr. Chase's Nerve Food and Catarrah Powder. This combined treatment has done wonders for me. I am now healthy, and am feeling fine. The Nerve Food has built up my system, and the use of the Nerve Food, which I am still using, is helping my catarrah greatly. I intend to continue its use until completely cured."

Dr. Chase's Kidney-Liver Pills found Dr. Chase's Nerve Food. I am personally acquainted with Mr. Ed. Jones, and believe his statement regarding Dr. Chase's Medicines to be true and correct. — Mr. George Downs, J. B.

Dr. Chase's Catarrah Powder, 25 cents a box, all dealers, or Edman Bates & Co., Toronto. Look for the portrait and signature of A. W. Chase, M.D., on the box you buy.

Big Land Movement at Morris.

Morris, Man. — A large number of American settlers are arriving here this spring and there has been quite a heavy land movement. As a public meeting there recently it seemed to be the general opinion of the members of the board of trade that the only solution for a permanent water supply was going to be the Saskatchewan river, and that a system could be completed for \$400,000.

Dust Causes Asthma. Even a little speck too small to see will lead to agonies which no words can describe.

They Cleanse While They Cure.—The vegetable compound of Parnelle's Vegetable Pills are composed, mainly dandelion and manna, clear the stomach and intestines, and cleanse the system, and make the deranged organs to healthy action. Hence they are the best remedy for indigestion available today. A trial of them will establish the truth of this assertion and do more to convince the skeptic than anything that can be written of these pills.

New System for Water Supply

Regina, Sask. — Moose Jaw is moving to secure a new source and system for its water supply. At a public meeting there recently it seemed to be the general opinion of the members of the board of trade that the only solution for a permanent water supply was going to be the Saskatchewan river, and that a system could be completed for \$400,000.

Alberta to Borrow \$400,000.

Edmonton, Alta. — The legislature has passed a bill authorizing the lieutenant-governor in council to obtain a loan of \$400,000, of which \$200,000 is for telephone and the remainder for general purposes named by the legislature.

We often hear of the sweet simplicity of childhood, yet every mother recognizes her baby cunning.

Flattly Impossible
"Yes," said Simpson, "I wanted to do my bit, of course, so I thought I'd raise some potatoes."

"Well, I thought I would do that," said Smith, "but when I looked up the way to do it, I found that potatoes have to be planted in hills, and our yard is perfectly flat."

Minard's Liniment for Sale Everywhere.

To Relieve Unemployment

Allies May Supply Raw Materials to Germany.

Paris. — The supreme economic council will meet to consider proposals to grant a limited supply of raw materials, notably cotton, to Germany, to enable the factories there to start work and to relieve the unemployment, which is said to be at the bottom of much of the disorder in Germany. The council, it is said, also will revise regulations. For Germany exports required to pay for food imports and probably will discuss the new economic situation created by the slackening of the blockade regulations as applied to Germany's neutral neighbors.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrah that cannot be cured by Hall's Catarrah Cure. Hall's Catarrah Cure has been taken by catarrah sufferers for the past thirty-five years, and has become known as the most reliable remedy for catarrah. After you have taken Hall's Catarrah Cure a short time you will see a great improvement in your general health. Start taking it in a hurry, no matter how much you like it. Sold by all Druggists, 75c.

Greeks Repatriated.

Washington. — Repatriation of nearly 60,000 Greeks, who were removed from their homes during the war by the Bulgars, has been practically completed. Reports received at American Red Cross headquarters here said that the Bulgars tried in every way possible to impede the repatriation work and endeavored to conceal the fact that thousands of the Greeks had died during their internment from starvation and exposures.

An Underground School

Returned Soldiers Get Instruction in Idaho Mine

Boise, Idaho. — Idaho boasts a school which aims to be a school in institutions, a Smith-Hughes vocational school, conducted 1400 feet beneath the surface of the earth. This school is at the Morning Mine, at Kellogg, Idaho, and the persons enrolled are in the main returned soldiers. They are learning the elements of actual mining underground. The class is conducted by Frank Skeels, a mining engineer with long experience in practical mining. Instruction is also given to classes above ground, but this is purely practical work in running a drift, operating air compressors, mucking, and like tasks.

Prisoners Liberated and Armed

Copenhagen. — The present authorities at Munich, according to advices received here, have liberated and armed Russian prisoners of war, who have been confined in the camp at Puchheim, the outskirts of the city. A Russian guard is now patrolling the Munich railroad station.

THE BEST MEDICINE FOR LITTLE ONES

There is no medicine for little ones to equal Baby's Own Tablets. The Tablets are a mild but thorough laxative; pleasant to take; do not irritate and never lead to nervousness. The little one of constipation, indigestion, colic or any of the other minor ailments connected with them. Mrs. Monzerolle, Eel River Bridge, N.B., writes: "I believe Baby's Own Tablets are the best medicine for little ones I have ever used. From my own experience I would recommend every mother to keep a box of Baby's Own Tablets at all times. Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The 'Cincinnati' Medicine Co., Brockville, Ont.

Children in England attaining the age of understanding since August, 1914, have heaps of pleasant surprises in store for them, says a Londoner. One having been given a piece of iced cake, ate the cake and ate the icing—because she did not know what it was."

Is Your Nose Plugged?

Have You Catarrah?

If Subject to Colds, Here Is Real-Good Advice

Don't load your stomach with rich, greasy foods. Send healing medication through the nostrils—end it into the passages that are subject to colds and catarrah. Easy to do this with Catarthozone, which cures colds in ten minutes. Even to the throat trouble if Catarthozone is used. Get it today, but beware of dangerous substitutes meant to deceive you for genuine Catarthozone. Large size, two months' treatment, costs \$1.00; small size, 50c; sample size, 25c; all dealers or The Catarthozone Co., Kingston, Canada.

Survey Cattle Grazing Location

Calgary, Alta. — A. T. Cooper, from Fossil, Oregon, has arrived at Peace River to survey the country with a view of locating a cattle grazing location. Mr. Cooper has a herd of Herefords, which he purposes moving into the north Alberta country. He probably go north down the Peace to the Battle river district where there is lots of open grazing country and a plentiful supply of hay available to be put up each season for winter feed.

"Give your commands more clearly," said the colonel to the young lieutenant.

"Yes, sir?"

"The day one of your officers cleared his throat and the entire company about faced."—Detroit Free Press.

Brad's great wealth in coffee is due to a monk who planted two seeds in a Rice Pancho monastery garden in 1754.

Worthy Your Attention!

At the annual meeting of the Davidson Development Company, the President, Dr. Davidson, said that the company had decided to place Davidson on a producing line of gold.

An up-to-date mining mill is to be located on the property with a capacity of 100 tons per day. The mill will be a complete unit and the gold will be refined on the premises. The company has a large amount of land in the Davidson area and is planning to develop it in the near future.

DAVIDSON DEVELOPMENTS

SUNDAY SCHOOL LESSON

LESSON FOR MAY 4 — MAN MADE IN THE IMAGE OF GOD

1. The Creation of Man. (Gen. 1:26-28).
1. Time—when the earth, his home, was ready for him. The order in creation shows design on the part of God. "Let us make man," said God, storing the coal in the earth, piling up minerals in the rocks, storing electricity everywhere, causing the water to gush from the valleys and hillsides preparing plants and herbs for the feeding of man's injurious and food and raiment adapted to every climatic condition.

2. His nature (v. 26, 27). He was created in the likeness and image of God. This act was preceded by a special counsel of the Godhead. It was said, "Let us make man." This precludes the foolish and wicked assumption that man descended from or through the brute. He came into being by a special creative act of God.

This creative act is confirmed by Christ (Matt. 19:4; Mark 10:6). With such testimony it can dismiss the evolution theory as to man's origin as a human vagary. This likeness and image is not physical and bodily, but intellectual. (Eph. 4:24) and moral. (Col. 3:10). Man is spirit, soul and body (1 Thess. 5:23). God's likeness is reflected in man's tripartite nature. As there is a trinity and unity in God, so there is a trinity and unity in man. Spirit is the highest part of man, that which makes it possible for him to know God. The soul is man's self-conscious life, the seat of his emotions and desires. The body is the seat of the sense, the agency by which he knows the world. God made man with a personality capable of having fellowship with himself, with whom he could share his glory.

3. His rank and power (v. 26, 28). Man, the last in creation, was placed above all else, over all the rest of creation. Being in the likeness and image of God, he was fitted to rule. How far short man comes of living up to the position given him by the Creator! The first man was not a savage, neither a baby. Fresh from the Creator's hands he possessed such lofty powers of intellect as to enable him to name the beasts as they passed before him (Gen. 2:19, 20).

2. Man Alone in Paradise (Gen. 2:7-9). Adam had a most beautiful place in which to live. "Pleasant to the eyes, and good for food," describes his surroundings. His environment was in keeping with his nature. Eden was only fit for him in an unfallen state. As soon as his nature was wrecked, out he must go. Paradise with all its splendor could not satisfy him. His heart was not content. Reciprocity is the only thing that can satisfy the heart of man. Animals of all varieties surrounded him, but none were adapted to be his companions. To accentuate this need God caused the animals to pass before him. He was differentiated from all the animals in that he was a personality. He was endowed with the power of love, therefore only a being who could love in return could satisfy him. To meet this need woman was made for man. They had minds alike; they had spiritual natures alike; therefore they could commune together about the things that surrounded them and about God.

Man was made from the dust of the ground and woman was taken from his side. She is therefore one removed further from the earth than man. The fact that woman was made from man's rib points to unity, similarity and equality. God charged this partnership with the responsibility of replenishing the earth (Gen. 1:28). Marriage is a divine institution and most sacred; for God made them male and female and performed the first marriage ceremony. In view of this, polygamy and divorce are grossly criminal. Marriage is the fountain-head of life, religious, social and national, therefore corruption here is most fatal.

Piles Cured in 6 to 14 Days

Dr. J. C. Williams' Pink Pills for Pale People fail to cure itching, blood, hemorrhoids or prolapsing piles. You can get relief after the first application. Price 60c.

The wisdom of a woman who is vain of her beauty is equal to that of a man who is vain of his brain.

GOLD

Send for our special market letter on gold and silver stocks. On request we will send our illustrated booklet worth seeing and keeping.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch! ? ! ? ! This kind of rough talk will be heard less here if town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called frezzone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right off without pain.

Frezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of frezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement as the inauguration of the high heels.

Will Re-organize 95th

Joseph Arthur Campbell, murderer of Sam Zappier and Constable Frank Beevers, paid the penalty by hanging at Fort Saskatchewan on April 23rd.

The City of Edmonton is offering a reward of \$200 for the recovery of the body of Miss Felicia Graham, a high school teacher, who disappeared from in front of LeMarche's and Mansions in that city on November 15th last, and who may have perished in the woods or have met death by drowning.

Two Englishmen were walking down a Dublin street a short time ago, when an Irish soldier was seen approaching in the distance. One of the Englishmen, who considered himself witty, thought he would have a little fun with the son of Erin. He walked up to him and remarked: "Pat, I hear the devil is dead."

The Irishman said never a word but put his hand in his pocket and brought forth twopenny and handed it to the Englishman.

"What's that for?" cried the astonished latter.
"Oh, nothing," said Pat, "only it's a custom in our country to help poor orphans along when their parents die."

Albert G. Brown, ex-chief of police at Fernie, died at Fernie on Tuesday last week, following a long illness.

Edmonton is to have the opportunity of entertaining 225 American newspaper editors on August 2nd.

Seven German submarines, on the way from England to Cherbourg, France, in tow of a ship, were lost in a storm.

Mrs. M.A. Murphy, Cowley, Alta.

The death occurred at Edmonton on April 20th, of Alexander Robert Belcher, son of the late Lieut. Col. Belcher, C.M.G. He ceased was twenty-six years of age. A brother, Major Percy Belcher, was killed at Passchendaele.

Fred Roo, of Rlko, says that Tom Duncan, ex-provincial policeman and one of the best known men in the Pass, has opened up the Columbia Mansions at Elko, to be known as "The Travellers' Rest." It was expected that the C.P.R. would build a large hotel there, but with the competition they would have with Mr. Duncan, they have decided to wait awhile.

A decision dissolving the marriage of Frank Jay Gould and Mrs. Edith Kelly Gould has been handed down by the civil court at Versailles. Frank Jay is the youngest son of the late Jay Gould and a member of various New York clubs and a director in several railroads. Mrs. Gould formerly an actress, is his second wife. Mr. Gould's first wife obtained a divorce in 1908 and Mr. Gould married Miss Kelly in 1910.

Buy War Savings Stamps.

Messrs. Fraser and McRobert were up from Pincher Creek on a brief visit on Wednesday.

Slovak Bros. have purchased a second-hand McLaughlin special from H. D. MacMillan, of the Cowley hotel.

WANTED—To buy 50 or 75 hens. Apply by phone or personally to Eastern Star Lodge, Blaimore, Mrs. E. Kidd.

Mrs. W. E. Sanford, of Hamilton, Ontario, national president of the Council of Women, addressed a meeting at Pincher Creek on Monday night last.

Official returns on the beer and wine referendum held in the province of Quebec give 31,985 "yes" votes and 10,206 "no" votes from fourteen electoral divisions.

In the list of signatures, to the address to Mrs. Jungel, published in our issue last week, appeared the name of Ruth Pearson, which should have been Ruth Pearson.

Before prohibition there were only a few whiskey distilleries in Canada. Today there are almost as many distilleries in Canada as there were drinkers four years ago. Yes, prohibition is proving a success.

Pass preachers are looking forward to a big wedlock harvest in June next. As there is likely to be an unusual rush of business during the month of June it is requested that as many as possible have the job done in May. Returned veterans are offered a cut rate, and the preachers are offered a bounty by those who have had to care for the girls while their real lovers were "over there" fighting for their freedom.

Leithbridge distillers will play at Pincher Creek today, May 1st. Harry Flissimmons rode a new Maxwell car from Calgary on Sunday last.

Dad Beach has fallen sadly in love with a bunch of old hens, not a black from the public school.

Nick Parkovich, a Ukrainian, has been sentenced to one year in the Nelson jail as an undesirable alien enemy.

The city of Leithbridge will hold a picnic on Monday next to decide the matter as to fast or slow time for the city.

Earl Keith motored down from Calgary last week to attend the funeral of his father. He returned north the early part of the week.

The Blaimore Hardware Co. expect to be in their new premises by May 10th, and will have one of the finest store premises in The Pass.

Some of the blouses worn by the ladies nowadays, put us in mind of a hockey goal-keeper's knee pads except that they extend a little higher up.

Thirteen sailors, returning in a buoy launch to the battleship Nevada in the Hudson river, New York, were drowned on Monday last.

The vote of the soldiers of New Zealand has wiped out the majority for prohibition which was rolled up in that commonwealth on April 11th.

Make your Victory Bonds bear compound interest—Say "W.S.S." instead of cash when you redeem your coupon on May 1st. Every teller has them.

J. E. Terrill and a party of friends motored to the Pass from Leithbridge on Sunday last. They report the roads in a bad condition most of the distance.

During the recent session of the council of four it was decided that Heiligoland, the German base in the North Sea, should be dismantled and as far as possible destroyed.

Arthur Farmer, brother of Capt. J. H. Farmer, paid Blaimore a visit this week. Arthur went overseas early in the war and looks none the worse for his experience.

Wallace E. Segworth, director of vocational training in the department of Soldiers' Civil Re-establishment, will represent Canada at the inter allied conference on the rehabilitation of the disabled soldier, which is soon to be held in Rome.

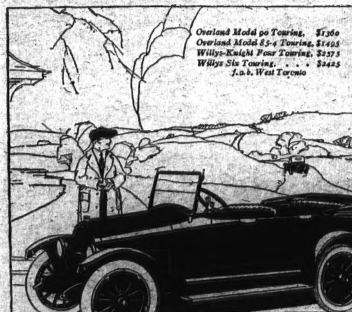

The provincial government has included in the estimates \$200,000 for road work throughout the province, and the Crown's Nest Pass National Highway Association will supply for a portion (a goodly portion, of course) to be spent between the Hat and the Crow.

According to information supplied by delegates to Manitoba G. W.V.A. convention at Winnipeg, five hundred German-speaking preachers are known to be living in Canada. Nearly one hundred of these, many of them penniless, lived in Manitoba, and two hundred in Saskatchewan.

The professor was trying a simple experiment in physics. "I have here a tin can, an inanimate object," he was saying. "Now, can anyone in the class tell me how with this can, it is possible to generate a surprising amount of speed and power almost beyond control?" One little boy raised his hand—"Tie it to a dog's tail."

A. W. Fletcher, merchant at Fort St. John, lost his life in a fire which destroyed his premises on Saturday night last. When the alarm of fire was given, Fletcher rushed across the street and into the store, the interior of which was then a mass of flames. It would appear that an old one, had been weakened by the flames and that Mr. Fletcher dropped into the basement, from which he was unable to extricate himself. A wife and four children are left to mourn their sad loss.

Overlana

"The Call of the Road"

When you take the highway this spring you want a car that permits you to enjoy your outing. It must take the roads efficiently and with comfort, operate at low cost and inspire pride in its appearance. Model 90 is just such a car. The appreciation of Overlana owners has built up manufacturing methods that make possible the unusual value of Model 90 at its economical cost. Get your Model 90 now.
